BRANCH CHIEF COMMENTS:

1. Approved.

2. In the future, this project will be utlized only for investigation of persons who are of no operational interest to this station. It has been found that a straight police and neighborhood approach to investigating "delicate" persons of potential intelligence or operational interest has caused the person under investigation to become fearful and even reluctant to cooperate. Such investigations in the future will be made by various individual agent contacts who are qualified in each case to make the investigation.
